You shared. We listened. The new Speed Queen® product codes will be easier for everyone, serving as a quick and memorable reference to help customers easily identify our products and enhance the process of placing orders. This shorter product code will be friendlier to order entry systems and easily identifiable when picking orders.

PRODUCT CODE KEY

The first three characters will be used in marketing materials for consumers, while product orders will utilize all 8 characters.

For example:

CONSUMER First Three Characters	PRODUCT ORDERS Full Product Code
TR7	TR7N36WN
DF7	DF7N36WE
SF7	SF7N36WE

* Full model numbers will still be provided in the specification tables for DOE purposes only.

At Speed Queen, we are laundry specialists.
We have been producing washers and dryers
with American pride in Ripon, WI since 1908.

We do laundry. Nothing else. And we do it well.

BUILT BETTER TO LAST LONGER.®

Speed Queen laundry equipment is designed for commercial use and applies the same technology and commercial grade components to all of our models intended for use in the home. Our machines are tested to 10,400 cycles. When you take into consideration that the average user washes 8 loads per week, 52 weeks per year, that equates to 10,400 cycles or 25 years in the average home.

INDUSTRY-LEADING WARRANTIES

Speed Queen washers come with industry best parts and labor warranties. We know quality, we produce quality, and we back it up. We offer 5-year parts and labor warranty.

WOMEN'S CHOICE AWARD, 5 YEARS IN A ROW

Women account for 85% of all consumer purchases and we are glad to partner with an organisation that works to give women a collective voice so they can help each other identify recommended brands, products and services. The Women's Choice Award is based on the voice of hundreds of thousands of women across America. They are not compensated for voting, it's based on what they know and love, and they love Speed Queen. Speed Queen has been voted America's Most Recommended Luxury Washer & Dryer 5 years in a row.

NEW CONTROL LOOK & DESIGN

From the mechanically rolled brushed finish on the hood to the 1 million button pushes during testing, you know the outside is as solid and reliable as the inside. Our electronic controls are the most durable on the market. In fact, the controls manufactured for home use are the same controls you'll find in laundromats, hotels, and other commercial applications.

TOP LOAD WASHERS

THE PERFECT WASH

Speed Queen top load washers feature a one of a kind wash system that not only delivers the best wash available, but also takes care of clothes. Our auto fill system guarantees that every load uses enough water for an effective wash. The tub and agitator work together to create a gentle wash action that moves the maximum amount of water through the clothes providing the customer a premium wash and level of fabric care.

FRONT LOAD WASHERS

NEW CONTROL LOOK & DESIGN

From the mechanically-rolled brushed finish on the hood to the 1 million button pushes in testing, you know the outside is as solid and reliable as the inside. Thanks to revolutionary dynamic balancing technology, our electronic controls are the most durable on the market. In fact, the controls manufactured for home use are the same controls you'll find in laundromats, hotels, and other commercial applications.

Long lasting stainless steel inner and outer tubs provide more strength and corrosion resistance than competitor brands.

Electronic touch pad control designed for commercial use and tested to 1,000,000 depressions.

Antimicrobial seal protects against odor causing bacteria.

Bearing sealed in metal, not plastic for long machine life.

Rugged suspension system for long lasting performance and reduced vibration making it ideal for 2nd floor installations.

Patented baffles lift and cascade water throughout the load for best quality wash.

Revolutionary dynamic balancing system for smooth uninterrupted cycles and best in class out of balance performance.

Commercial-grade piano hinge designed for years of abuse in coin laundries and even longer in the home.

DRYERS

THE PROFESSIONAL DRYING

Through special drying cycles, a flawless Axial Airflow pattern and advanced moisture sensing, you can eliminate excessive drying and save money on your utility bill. If you want durability, innovation and perfectly dried laundry the first time, you need a Speed Queen dryer.

Electronic touch pad control designed for commercial use and tested to 1,000,000 depressions.

Large galvanized cylinder is resistant to rust and corrosion.

3 or 4 way venting options for easy installation.

Commercial-grade electronic controls tested to 10,400 cycles. That's 25 years worth of laundry.

Efficient axial airflow design, with a heavy-duty fan system and an advanced airflow pattern provides the ideal balance between drying temperature, airflow pattern and mechanical action.

Up-front lint filter is easy to reach.

STACKED WASHER/DRYERS **LEADING PERFORMANCE HALF THE SPACE**

When square footage is at a premium, Speed Queen stacked washer/dryers offer the perfect solution. This convenient design allows double the capacity in the space of one machine while sacrificing nothing in performance and wash/dry quality. Designed for ultimate user convenience, these two-in-one space savers also conveniently locate controls for both washer and dryer in the middle of the machine for easy access and operation.

AMERICAN QUALITY

For more than 100 years, Speed Queen has been producing washers and dryers in Ripon, WI... nowhere else. This community is where we live, work, and play and where we build a commercial grade products for homes across the globe. While many manufacturers are moving operations overseas, we are growing locally. We hire skilled employees who take pride in their work and are committed to producing a product that is built better to last longer.

At Speed Queen, cutting edge technology meets craftsmanship that has been refined for over a century. Quality comes first. We don't skimp on components or cut corners in design and engineering. We plan, we test, and we build our machines with commercial grade metal parts that are proven to last 10,400 cycles, or 25 years' worth of laundry in the average home, so you know you're getting the quality, durable product, generations of people have come to know and love.

Available nationally throughout Singapore. Please visit speedqueen.sg to find your nearest retailer.

American quality products made with American pride.
